IS THE GREATEST MYSTERY STORY OF ALL TIMES.
The most wonderful of all photo serials by the world's greatest
fiction writer, E. Phillips Oppenheim, produced by the world's greatest
director, Otis Turner, on the world's greatest stage at Universal City,
California. This is the most vivid portrayal of crime and its detection
ever known to man. Swift and powerful action; breathless scenes
in every one of the 15 episodes, each a mental shock, that brings you
gasping to the edge of your seat. Wonderful acting by the immaculate
Herbert Rowlinson as Sanford Quest, the greatest detective character
of modern fiction.
See the charming Anna Little, as Leonora, Sanford Quest's clever
assistant. See William Worthington, as Professor Ashleigh, the
scientist, a man of dual personality. See Laura Oakley, as the keen
woman detective and her marvelous masculine impersonation. See
Frank MacQuarrie, as Craig, the man turned by a horrible secret.
See the wondrous marvels of science used in the detection of crime
—the pocket wireless, Anihaldyte, which explodes in one direction
only; the Phototelesma (moving pictures by telephone), electric
thought transference, hypnotic confessions, and all the other strange
things.
See the leap from the fast express speeding at 60 miles an hour.
See the mysterious hands that clutch the jewels from a woman's
neck in a brilliantly lighted conservatory. See the death-defying leap
from a tower to the top of a mile a minute freight train.
See these terrific thrills and a thousand others besides. You
must, if you want to see the greatest motion picture serial the world
has ever produced, set aside one night every week to see the

Besides doing an immense amount

is being eaten up by the weevil.

Strawberry Preserve

THE GROCER: "Mrs. Oswald, it will soon be
time for you to com-
mence preserving
strawberries. May I
inquire what sugar you
propose to use?"
MRS. OSWALD: "I
really haven't given the
question a thought
yet."
THE GROCER: "Then permit me to
make a suggestion—
this year use Utah-Idaho
Sugar."
MRS. OSWALD: "What is your reason
for such recommenda-
tion?"
THE GROCER: "Simply this: I know
how particular you
are; how you want
your preserves to be as
nearly perfect as pos-
sible. Well, other
housewives have had
such great success
with Utah-Idaho Sugar
—they endorse it so
completely—that I
thought I would just
pass the good word
along."
MRS. OSWALD: "I
sincerely appreciate
your telling me. When
I get ready to make my
strawberry preserve, I
shall ask you to send
me—"
